VOLUNTEER OPPORTUNITY

BIRDNECK ELEMENTARY SCHOOL

Although we placed the Birdneck Mentoring Program on sabbatical this school year, our church has remained active at the school providing clothing, school supplies and food for Thanksgiving and Christmas for families in need. We expect to resume the mentoring program in October 2019.

Vicky Duckworth, the library specialist with whom we have coordinated the mentoring program, has now advised us of a special need for volunteers that we hope some of you can respond to individually. In January, Vicky will be working on an animal research project with first graders and requires adult help to assist them. She would like to have about 20 volunteers each day/time listed below to work with the children. Volunteers will read a book or website with the students on their animal and help them answer some simple questions about it. The schedule below may have to be adjusted due to weather and student participation. Mrs. Gentry is a member of our church!
